Regarding X-rays

Dental x-rays are an important part of a dental examination, and is required in order for the Doctor to provide a thorough examination. It is our responsibility to provide a comprehensive evaluation to you. However, insurance companies limit the types and the frequency that some x-rays are taken. By limiting the allowance of x-rays the Doctor cannot present a complete evaluation to you. In the event that the Doctor requires x-rays that are not cover, you will be responsible for the fees associated with the service. If there are x-rays recommended to you that are declined, we ask that you sign a release of liability form stating that you fully understand that there are conditions that cannot be diagnosed without them.

Dazzle Dental Billing Process

As a courtesy, we will gladly file dental claims for you. Once you provide your dental insurance, we call your insurance company to verify your benefits. The information we receive from your insurance company are only an **estimation of coverage** and not a guarantee. **Your insurance policy is a contract between you and the insurance company;** therefore we cannot guarantee payment of any claims or accept the responsibility of negotiating with your insurance companies or other persons. We are not responsible for providing you with limitations, exclusions, and provisions determined by your insurance company. Your **estimated** co-pay and deductible are due and payable at the time of service.

If any insurance company does not cover or pays only a portion of the bill or rejects your claim, you will receive a statement and **the balance is your financial responsibility for services rendered.** Conversely, if your insurance company pays above the projected estimation, you will receive a credit in that amount which may be drawn as a refund upon request or applied to further treatment. If your insurance company has not paid on your claim with 60 days, the full balance will automatically be transferred to you and will be due upon billing.

Authorization

I understand and guarantee all the information on the new patient registration forms was completed correctly to the best of my knowledge and understand it is my responsibility to inform the doctor of any changes in my health and medication. I authorize the doctor and staff to perform any necessary services include taking x-rays, study models, photographs or any other diagnostic aids deemed needed by the doctor to make a thorough diagnosis. I have read and understand the billing process at Dazzle Dental Care. I also assign all insurance benefits to Dazzle Dental Care.
